### Introduction

You don't want all the hassles of owning a porn studio, you just want to be in the room when the new girls come in looking for work! Casting Couch Teens gives you full access to what goes on when hot young sweethearts show up at a real porn studio and ask if they have what it takes to get into the skin business. Let your dick be the casting director and have it decide which girls are good enough to hire again.

### Adult Review

With 82 first time models on their site showing their stuff and hoping to get picked as rising new pornstars, Casting Couch Teens is already well on its way to becoming the American idol of porn fans everywhere! Every scene has videos and pictures included so you can get a great first-hand look at all the new talent and decide for yourself which whores are worth keeping and which need to find a job doing something else!

Movies are available in 480x360 resolution and feature sweet young teens looking for a new career in smut. It's a lot of fun to see them shed their innocence live on camera as they get paired up with older men and taught the right way to please an audience! Some of the girls are shy at first, others have been party-whores off camera for a while already... but when the lights come on and the camera starts rolling for the first time, you can tell they are all super eager to impress YOU the viewer.

These young ladies know that they only get one shot to make a first impression and that means if they fail to earn your moneyshot they may never get the chance to suck dick for a living. Watch how they all give the scene their best effort and do whatever is asked of them to please the casting director judging their performance.

The site updates 3 or 4 times a month but is also part of a gigantic network and gives you full access to all the Included Sites listed on the right side of this review. That's dozens of sites with 100s of hours of porn in all different categories updating every day of the week!

Casting Couch Teens does have a 3 day trial but it's a limited trial and your dick wants full access, so skip the trial and go for the full monthly membership... your cock will be happier in the long run and there is no way you could watch all these movies in less than a full six months anyway.

### Porn Summary

Casting Couch Teens puts you in the casting director's chair and brings pretty petite teens into your office with a chance to audition for your affection. Will they get you off and make it to the big time or fail and be discarded? Let your dick decide!
