Introduction

When I think of the horniest girls in existence, the first thing that comes to mind is not the neighborhood slut, or a pornstar. Nope, it's that quiet, nerdy chick in glasses that you see at the coffee shop, or in the library, or running off to her grad courses. Now those are the chicks that will ruin you on every other type of woman - because they seem to have a grade A understanding on how to drive a guy crazy. Creamed on Glasses gets you up close and personal with these secret sex goddesses.
