### Introduction

Some say fame only lasts fifteen minutes but this site is a place where amateur girls will do nearly anything for their chance to get some. What do they have to do to get you to remember their name? These are their First Time Auditions and they know if they fuck them up they won't be asked to come back or be given a second chance!

### Adult Review

When you started watching smut you used to imagine what it would be like to be the guy in the movie banging one hot twat after another. Then one day you suddenly had the idea that the guy in the movie is not the one you'd want to trade places with. The guy who owns the production company is the one you wish to be. He's the one who gets to tryout new pussy in their First Time Auditions!

Millions of dollars and thousands of women coming through your office as you assign them to whatever movie, man and market you think they will do best in. You are the decision maker and all of your choices mean fame or failure for the adult careers of the sexy women you employ.

First Time Auditions gives you a detailed view of what it would be like to run your own smut company. It also shows you how desperate these pretty ladies are to please you. They know if you approve of them they are about to start off down the path to stardom... and if you are not impressed by their audition they are about to go out to look for work at the nearest Starbucks for minimum wage! Think of yourself like Simon on American Idol... only the performers you grade all suck dick rather than singing!

There is no DRM coding on the files so you can keep anything you download in your permanent collection. Each and every episode has large format broadband enhanced files and shorter well segmented dialup friendly versions as well. First Time Auditions even offers streaming versions for viewers who are afraid of getting caught with porn on their home or work computers.

Is the next Jenna or Terra one of the girls visiting your studio today? What questions should you ask and what should you have them do to better determine which girl is a star and which is a snooze? You don't want to let the best ones walk out to another studio... you want to be able to say I am the one who made her the famous starlet she became!

The only drawback to First Time Auditions is that the trial version renews at a higher price than the straight monthly subscription. Read the fine print carefully and sign up for the full month. The site updates fast enough to be worth it and you will save yourself some money by doing so in the long run.

### Porn Summary

The fantasy of this reality site works well on many levels. The sexual fantasies are hot and the behind the scenes content will keep you smiling while you recover and get ready to go again during each of the other whores' First Time Auditions!
