Introduction

Sure, most porn stars have hot bitching bodies that make men drool. But most hung young studs enjoy banging chicks who don't necessarily look like they suck dick for a living. So if you're more in the mood to watch fresh faced babes take a serious pussy drilling, check out Fresh Foxes where only amateur sluts receive top billing!

Adult Review

Sometimes it's fun to reminisce about younger, more innocent times before you needed some weird hardcore fetish site to really tickle your porn taste buds. At its core, hardcore porn is really about finding sexy, good looking sweethearts to perform nasty sex acts in front of the camera. Fresh Foxes has cataloged some of the best amateur sex DVDs currently available in the adult market, and these sexy videos are definitely worth a look!

The total DVD count at Fresh Foxes is listed as 1170. All of the sex flicks have been segmented down into their individual scenes which can be either downloaded or streamed in WMV format. If you're a fan of a specific sex position, then you can even search through the entire scene and download only the parts you like best when you use the special preview feature that was developed just for this site!

If your porn tastes sometimes move beyond fresh faced amateurs playing in front of the camera for the first time, then make sure you take advantage of the platinum level membership to Fresh Foxes. This all-inclusive membership also grants you access to the entire list of bonus DVD catalog sites that are listed right next to this review. So if you're a hardcore fan of deepthroating, girl on girl sex, or tit fucking, there are catalogs of these sex acts...and a whole lot more!

Don't expect any new DVDs to be added to the Fresh Foxes catalog anytime soon, however. Even though a countdown clock is featured on the main login page, savvy surfers will notice that it will always reset whenever you log in. And if you sort the DVDs by date, you'll see the latest additions were added in September 2008.

So even though there's no real way to find out if and when new hardcore porn DVDs will be added, Fresh Foxes is definitely worth a shot... if your are trying to get a lot of porn cheaply. With so much fully downloadable porn to go through, and the fact that none of it is protected by DRM, there are some great reasons to sign up today.
