Introduction

Once the single most brutal smut site on the internet, MeatHoles was toned down a bit over the past several months and now no longer updates its content. That being the case, what is left is still 20x more hardcore than most of the sites that try to copycat what Meatholes once was.

Adult Review

For anyone who remembers what Las Vegas was like back in the "good 'ole days" when political correctness took a very distant back seat to fun and frivolity, a site like this one will conjure up those feelings of a wild west mentality for you once again. Unlike the sanitary polished image that giant corporate hotels now try to portray in Vegas, Meatholes is pinned to the seedy underbelly that is the primary reason places like Vegas and industries like internet smut were so successful in the first place.

Meatholes is a no apologies look at the attempts of a film crew to capture the fragile beauty of female performers as they are brought to terms with what they are doing while they are in the action of doing it. The camera never shutters, only the talent does!

On other sites, in so many scenes you will see one woman after another with a far off vapid look in their eye while they blandly go through the motions and await their eventual paycheck. At Meatholes you can watch many of those same performers as they are confronted with their paychecks, their histories, the way their parents feel about their occupation and all the other grains of truth that are burned away by the purification of complete honesty and a zoom lens.

While Meatholes is no longer updating (don't start emailing the webmaster that only gets him pissed off), the guys at Meatholes are still busy cranking out all the filth their fans have come to expect from them. The long list of sites on the right side of this review page are ALL included in the same single membership subscription for a monthly fee that is well below what they could have charged for all the content they have included.

The production crew from Meatholes is still active and their current project Anal Lickfest is also included in your membership subscription. If you were a Meatholes member in the past joining up to see what the guys have gotten into now is something you will want to consider doing.

Please be aware that when you signup that on the join page there are 'pre-checked' boxes which add other sites to your order. If you want to include these other sites you may leave them checked, but be aware that they renew automatically and can cost a significant amount of money per month unless you uncheck the boxes when you join.

All scenes are offered in a variety of formats and none of them are DRM encrypted, that means anything you download today will still be on your drives even if the guys at Meatholes move on to something else. These sites are a collector's dream.

Porn Summary

Meatholes is one of the few sites on the net that can truly be called a *classic*. It doesn't update any longer but the archives are still cutting edge and the included web ring content is enough to scratch that itch you never new you had until now.
