Introduction

This site turns your monitor into the bedroom window of some of the world's hottest women. All the fun of peeping and none of the awkward moments speaking with the authorities.

Adult Review

You aren't always in the mood to eat steak and potatoes, so it's silly to think you are always going to be in the mood to watch meat and fish.

SexySoloSluts' name says it all. This site is dozens of exclusive scenes showing one girl with or without her favorite toy going to town on herself from start to finish.

We normally don't point out one particular scene on any site but on SSS there is perhaps the greatest shoot ever filmed if you are a Kelly Wells fan. Kelly thunderpops herself with a pink toy until her eyes roll back into her head like a great white shark at a labor day beech party.

Each scene comes complete with hi-res picture sets and a variety of video formats including 720x480 and dialup friendly versions. These are truly glamorous model types at home alone, not the kind of scruffy skanks you find on a lot of the "solo cam sites" out there these days.

If you want to watch what goes on when nobody else is around (other than a camera man, a lighting guy, a keygrip and a few other office people trying to keep quiet offset) then this is exactly the site that will bring that illusion home to you. Even better, it comes along with an entire group of top quality sites all for the same single membership fee.

Porn Summary

SexySoloSluts. That's One Sexy Slut for you to watch at time. It's a simple concept... and simplest is often best.
