Introduction

Tera Patrick is a stunning porn starlet and one of the rare breed who managed to cross-over into the mainstream celebrity world as well. This is her official website and it includes 17 exclusive scenes along with a lot of her best DVD work. The site has not updated with anything exclusive since July of 2007 but it is part of a large network of sites that do update often.

Adult Review

Recently Jenna Jameson announced her retirement from porn. Before Jenna there were greats like Jill Kelly and Nina Hartley before that. Now the new queen of porn has definitely become Tera Patrick. Tera has won a slew of AVN Awards and is the best selling DVD covergirl in the world today. Her beauty, her passion and her skills in the sack have combined to make her an unstoppable force in the skin bin. Finally, she has launched her own official website and getting some of Tera for yourself is now easier than ever!

Tera Patrick is a website that features 17 exclusive scenes in High-def 720x480. These are custom porn movies that were never released to the public before. More are added on a weekly basis and Tera has made the decision to do a lot less work on other sites and on DVDs now that she has her own home on the net to work for instead.

Along with the exclusive scenes, the Tera Patrick website also gives you access to 100s of hours of nonexclusive content as well from movies Tera did in the past and all of Tera's gal pals of the porn industry. In total there is a huge assortment of smut to keep you busy all month long as your dick looks forward to the next set of exclusive scenes to come alive!

Pictorial fans will also be impressed by the gigantic archive of professional photo shoot images showing Tera Patrick in all of her glory. Elaborate costumes, raw naked action shots, perfect lighting and a keen eye combine to make these some of the best still frame porn photos you will ever find anywhere.

There are all kinds of bonus content offered and access to a number of other official pornstar sites as well, but honestly... signing up for Tera Patrick through The Tongue and getting her to be your personal sexual muse for under fifteen bucks a month is a dream deal. She really is the star of the show and you never know when Tera will decide to hang-up her panties and retire like the other starlets of the past, so the best way to keep her in your life forever is to start downloading her content from her site now, while she is in the prime of her career.

Porn Summary

If you have never seen Tera Patrick before, take the Free Preview from The Tongue and see what all the excitement is about. She really is one of the prettiest models ever to appear in porn movies, and you can be sure... she fucks as good as she looks!
